If you are a person that distrust yourself you should totally read it. It would help you with your problems, if you are sad, it would make your day only by answering those rare but helpful questions.You should read it, it is AWESOME..... I am only 13years old and it help me with a lot of things. It would make you think. There are some innecessary, and weird questions that make you think "why in the world I am answering to this questions" "I am crazy" but you would like it. ...more Jun 23, 2020 Jeannette Folan rated it it was amazing This is one of those books you want to have at a dinner party or even sitting around with your family (especially if you and your partner have run out of new things to talk about!). Just pick a number between 1 and 3,000 -- just watch what happens. Feb 09, 2019 Katherine rated it really liked it I'm only half way through this book, but it's so fun and it's something to do with my spare time that feels more productive/thought provoking than watching tv. My only complaint is that a few questions feel repetitive or reworded but still asking the same thing. Otherwise, this would be 5 stars! Jan 20, 2021 Grant Keegan rated it really liked it After almost three long years, I have finally finished 3000 Questions About Me. It was a long, grueling task, but I feel like it was all worth it, because I have left behind something very important. This journal has served not only as a way to know myself, but also as a time capsule that I will keep forever, and in the future look back at how I viewed the world in my early adulthood.As the title says, this book contains 3000 questions that the reader will have to answer one-by-one by writing in After almost three long years, I have finally finished 3000 Questions About Me. It was a long, grueling task, but I feel like it was all worth it, because I have left behind something very important. This journal has served not only as a way to know myself, but also as a time capsule that I will keep forever, and in the future look back at how I viewed the world in my early adulthood.As the title says, this book contains 3000 questions that the reader will have to answer one-by-one by writing in it with a pencil. The questions are great, although some of them repeat several times. They range a lot, there were some that were very silly and menial like "If you were an animal which one would you be?". But there were others that were difficult to answer, even painful at times.My favorite questions were those that were deeply engaging and philosophical. They felt more like writing prompts, but I enjoyed them nevertheless. If you are someone like me who enjoys documenting their life in every way possible, then I highly recommend this journal. You might find things that you didn't know about yourself, and it might serve as a form of catharsis by writing down painful memories or decisions one has made.Final Score: 95/100For more reviews and other cool stuff follow me on▶ YouTube - 🌟🌟 Instagram - 🌟🌟🌟 Twitter - ...more Barb Wiseberg rated it really liked it Dec 08, 2018 Alyssa Petzel rated it really liked it Sep 06, 2020 Bishop rated it liked it Dec 23, 2020 Miyako R rated it it was amazing Sep 03, 2019 Laila rated it it was amazing Oct 21, 2020 Sofia rated it really liked it Oct 19, 2019 Beth Diorio rated it really liked it Oct 25, 2020 Safa rated it it was amazing May 17, 2019 Dianna rated it did not like it Jun 13, 2019 Metro Manila~Quezon City, Quezon City, Project 6 If you comment a number between 1 and 3000, I will reply with the corresponding question from the book. ~3000 questions about me ~Out of Amazon, Target, and Barnes and Noble, the latter is the cheapest. If you want interesting conversations with family/friends, or something entertaining to do with strangers, this is totally worth \$10. w/QueenMarly also mentioned finding it at Five Below for \$5.If you see a question you like in the comments already, feel free to answer it! We'll see how this goes.EDIT: The peak of this post has passed. I will however still be around occasionally to respond to more numbers/answers! In the meantime, answer any questions that have already been asked(you can ask your own too, but I would appreciate if you tried checking for the number first). There are a lot!Page 2 835 comments
